1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research. It also provides a brief overview of the methodology used in the study.

2. The second part of the report is a detailed description of the data collected during the study. It includes a table of the data and a discussion of the results. The data shows that there is a significant correlation between the variables studied.

3. The third part of the report is a discussion of the results of the study. It compares the results with the expectations of the study and discusses the implications of the findings. It also provides some suggestions for further research.

4. The fourth part of the report is a conclusion. It summarizes the main findings of the study and provides a final statement on the importance of the research.
